PennHIP Report

Referring Veterinarian: Dr Randall Popkin Email: bvs@showdogmed.com	Clinic Name: Breeders Veterinary Services Clinic Address: 5577 Crystal Drive Santa Rosa, CA 95404 Phone: (707) 583-7863 Fax: (707) 583-7863
--	---

Patient Information

Client: Hartman, Janelle Patient Name: Arlow Reg. Name: Harmony's Arlow Treasured Legacy of Kaya PennHIP Num: 171856 Species: Canine Date of Birth: 19 Oct 2021 Sex: Male Date of Study: 20 Aug 2022 Date of Report: 25 Aug 2022	Tattoo Num: Patient ID: Arlow Registration Num: PR24684302 Microchip Num: 956000012373474 Breed: STANDARD POODLE Age: 10 months Weight: 54 lbs/24.5 kgs Date Submitted: 20 Aug 2022
--	--

Findings

Distraction Index (DI): Right DI = 0.26, Left DI = 0.27.
Osteoarthritis (OA): **No radiographic evidence of OA for either hip.**
Cavitation/Other Findings: No cavitation present.

Interpretation

Distraction Index (DI): The laxity ranking is based on the hip with the greater laxity (larger DI). In this case the DI used is 0.27.
OA Risk Category: The DI is less than or equal to 0.30. This patient is at minimal risk for hip OA.
Distraction Index Chart:

BREED STATISTICS: This interpretation is based on a cross-section of 5784 canine patients of the STANDARD POODLE breed in the AIS PennHIP database. The gray strip represents the central 90% range of DIs (0.28 - 0.68) for the breed. The breed average DI is 0.46 (solid square). The patient DI is the solid circle (0.27).

SUMMARY: The degree of laxity (DI = 0.27) ranks the hip within the tightest 5% of DIs for the breed. This amount of hip laxity places the hip at a minimal risk to develop hip OA. **No radiographic evidence of OA for either hip.**

INTERPRETATION AND RECOMMENDATIONS: No OA/Minimal Risk: Unlikely to show radiographic evidence of hip OA; even more unlikely to develop clinical signs of hip dysplasia. **Recommendations:** Normal to strenuous activity is permitted. Keep lean: try to maintain BCS at 5/9 for a longer and healthier life. **Breeding Recommendations:** Please Consult the PennHIP Manual.
